APICS Fun Facts

Message from the Board of Directors

Greetings Shoreline Members,

As the keeper of the Chapter Benchmarking and Reporting (CBAR), I track what our chapter is accomplishing each year and record it on the CBAR form for submission to APICS Headquarters in Chicago. Basically, the CBAR is an excel spreadsheet listing strategic metrics APICS Corporate requires chapters to accomplish each year. Some of the criteria are class offerings, newspaper publishing's, monthly PDM's offered, submission of monthly newsletters, and many other things.

Each year since I joined the board, our chapter has received scores in excess of 350 points, usually around 375 to 380 points. This score means our chapter is ranked in the top of the range for achievement each year. Each year our chapter scores above 345, we receive a gold rating. If our chapter receives a gold rating five consecutive times, we earn a platinum award. Our chapter has scored platinum every year since I began volunteering on the board.

Occasionally I get the opportunity to meet with other chapters from other states. When we discuss how our individual chapters' perform in regards to membership participation at PDM's, they are amazed at the percentage of members we have attending these functions.

I am proud of our membership and the participation we have in these events. This participation makes you as members more informed and more knowledgeable and it makes our chapter stronger.

I would like to thank each of you for your participation in the events scheduled this year and encourage you to invite others to come along with you.

All the chapter activities can be found on the Shoreline APICS website www.shorelineapics.org or in the newsletter we send out.

Thank You!
Daniel Otte
APICS Shoreline Chapter VP of CBAR
