## Message from the Board of Directors

### Benefits of Local ASCM Membership

By: Steve Rasmussen

Sitting in my house on this cold January morning, I'm reflecting on the past 30+ years that I've been involved with APICS, now known as ASCM. At the time when I joined the local student chapter in college, I didn't realize how being a member of a professional organization would have such a positive impact on my career and life.

From the first meetings with the local student chapter in college, to our most recent Shoreline Forum Board of Directors Meeting, I've been positively impacted both professionally and personally. Teamwork, collaboration, networking, growth, learning, friendship, compassion and passion are all thoughts that come to mind as I reflect on the past 30+ years. Note that these are all action words. Membership has its privileges!

Membership with the Shoreline Forum, and ASCM, means that you are part of a network of passionate individuals dedicated to creating a better world through supply chain management. Discounts on certification courses, discounts on reference materials, professional development meetings, access to insights and research, regularly planned local events, community support activities and tours of other local organizations are some of the benefits of membership. If you are already a member of the Shoreline Forum, we thank you for your continued active involvement and support. If you are not a member of the Shoreline Forum, please consider this message an invitation to join today.

Our local Shoreline Forum Board of Directors are available to provide assistance or answer any of your questions regarding our Forum or ASCM. Please feel free to reach out to any member of this team. We will, and always be, better tomorrow than we are today if we support one another and learn from our successes and failures collectively.

Membership has it's privileges!
