## APICS Fun Fact

**"Now you'll be able to see exactly what Marketing sees."**

**Message from the Board of Directors**

Dear Fellow Members,

It has been one long year dealing with the pandemic, hasn't it? The board hopes you and your family have been doing well all this while. During this time we have had to adjust and changes have been made. This includes the Shoreline Chapter.

One adjustment the chapter has had to make is to not have in person PDMs (Professional Development Meetings). It has been a year since we have been able to have an in person PDM. Starting in February, the board has decided to move forward with having in person PDMs. We have checked with Holidays Pub and Grill (where the PDM will be held) and have been assured that there will be enough room to social distance.

Be sure to read the details for the February PDM which are below. Besides the PDM there is also a tour of Boortmalt USA in Sheboygan. Special thank you to Boortmalt USA for offering this opportunity! This really sounds like a great tour and an interesting PDM.

And, to top it off, the Board of Directors will offer the February PDM at **no charge to you!** We would like to give members this gift because it has been so long since we have had the opportunity to have a PDM and see you! If you plan on attending the tour, the PDM, or both, please be sure to register. We do need a headcount for planning purposes.

And, on to the change that has been made by APICS. APICS had re-branded and is now called ASCM. Details on what the rebrand means for the Shoreline Chapter are noted below in the section titled, "Changes to APICS and Shoreline Chapter". This is a big change and I encourage you to read this information. If you have any questions on the changes, feel free to reach out to any board member and we can discuss this with you.

Lastly, I know we are still in winter, but I would like you to start thinking about spring. The Board has set the date for the Spring road clean up. This is a volunteer opportunity that is offered twice a year - once in spring and once in fall. There is a section of road (Cty Rd LS in Cleveland) that has been adopted by the Shoreline APICS Chapter and we clean that section of the road twice a year. Mark your calendars for April 24th and join fellow members while getting some exercise.

As we start to safely become more active, we look forward to seeing you at a PDM.

Best Regards,  
Michelle Loose

Speaker: Eric Hanson, Plant Manager for Boortmalt USA Limited

Topic: Tour and History of Boortmalt

Eric has worked as the Plant Manager for Boortmalt USA since 2014 when the plant was malting for Cargill Inc. Prior to 2014, he worked as the EHS Manager for 7 years with Land O'Lakes Inc in Denmark WI, and Kiel WI.

#### About the Presentation:

Eric will highlight story of Boortmalt, where they came from and where they are going. The plant first started malting in 1856. In the early days it was floor malting, and it would take several employees hours to turn the barley by hand.

Today we have equipment that helps us move the barley through the process. Capt. Pabst would bring his ship to the shores of Sheboygan to pick up finished barley, Malt. From the top of our silos you can see for miles on a clear day, the area around the plant now covered with houses, at one time were fields full of Barley waiting to become Malt.

## Changes to APICS and Shoreline Chapter

In 2019, the Association for Supply Chain Management (ASCM) was launched. ASCM is the new, all-encompassing supply chain organization built on the foundation of APICS. Since it has launched, there have been adjustments that have been made to help further build on what APICS has already started.

As of January 1, 2021, the Shoreline APICS Chapter will be transitioning into the Shoreline ASCM Forum. Shoreline will no longer be a chapter.

Why is this change occurring?

- Supply chain professionals have changed and they learn and engage differently than they have in the past. To address this, there have been structure changes to all chapters.
- ASCM has made the decision to adapt its North American chapter structure to enable ASCM and its partners to better meet the professional engagement needs of its members and for the local community.

What does this mean for you?

- The Shoreline organization will continue to provide opportunities to connect with fellow Supply Chain professionals and build your professional network, enhance your supply chain skills and knowledge, maintain your APICS certifications, and foster your professional growth.

- We will no longer be providing APICS certification training as we have in the past. We will work with ASCM chapters to make sure your APICS training needs are met.
- If you are currently a member of the Shoreline Chapter, the transition to the Shoreline Forum will be seamless. At the time of your renewal in 2021, you will be given the option to stay with Shoreline Forum or select a different option if you so choose.
- If you are signing up to be a new member in 2021, you will be given the option to choose to be part of the Shoreline Forum.

As we move forward you will see updates to our email address, website, and social media platforms as we make the change to becoming the Shoreline Forum. We appreciate your understanding during the transition.

## Board of Directors Meeting Schedule

Board Of Director meetings are planned for the first Wednesday of the month except as noted. The location of the meeting will be published in the newsletter. All members are welcome to attend any board meeting. Please let any current board member know if you would like to attend as we normally have a light meal preceding the meeting and it will help us to ensure we have enough for all.
