Message from the Board of Directors

ASCM Update

Being an active forum member has benefited my personal and professional growth in a lot of ways. Being a forum member since 2014 has allowed me to create countless contacts via networking opportunities. This would include monthly board meetings, PDM's, team building events as well as local factory tours. In addition, being an active forum member allows you the opportunity to experience supply chain through other individuals' perspectives, whether it be comparing common business practices, who act as exemplary suppliers, or what MRP/ERP system you use. Not only has this impacted me in a positive light professionally, but on a personal level it has allowed me to develop relationships with individuals I may not otherwise have known!

I strongly encourage each one of you to take advantage of the networking opportunities ASCM Shoreline has to offer.

For any questions and information, please do not hesitate to reach out to me at: tyler.stoeger@cnhind.com

Kindest Regards,
Tyler Stoeger, CPIM
